A four-horse stone team belonging to Walter Smith met with a mishap while crossing the car track in front of the Blanchard block this noon. Howe's moving pictures are always welcomed in Barre with a full house and last evening was no exception to the rule. Every seat was taken and many more could have been sold if the house had had a larger capacity. Few pictures which were given the last time this popular entertainment was here were repeated, and almost everything was new and highly interesting. As people went out after the last picture the remark was often heard, "They get better every year." There certainly can not be much improvement over last evening's exhibition.
